## Fund Objective and Strategy

The objective of the Fund is to achieve long term capital growth which is superior to the median performance of all of the funds forming the official peer group of which the Fund is a part. 'Peer group' is defined as being the Investment Association sector to which the Fund has been allocated (currently being the UK Smaller Companies sector) or to which it may be allocated in future as determined by that body. Long term means over a minimum investment horizon of five years.

The investment policy is to invest predominantly in the shares of quoted smaller UK companies, including those listed on the Alternative Investment Market. We seek to invest in companies with meaningful employee engagement and employee share ownership.

B	Business & financial	S	Social
E	Environmental & ecological	T	Transparency & governance

The investment adviser uses a responsible investment process to identify securities in which the fund may invest. The four criteria that need to be evidenced by each investment are reflected in the name of the fund where 'B.E.S.T' indicates Business & financial, Environmental & ecological. Social and Transparency & governance.

\*Further information on the 'B.E.S.T' criteria and sustainability element may be obtained from the Investment Adviser upon request.
