Fund Objective and Strategy

The investment objective of the Fund is to invest primarily for long term capital growth from a portfolio of investments which is superior to the median performance of all of the funds forming the official peer group of which the Fund is a part. 'Peer group' is defined as being the Investment Association sector to which the Fund has been allocated (currently being the UK All Companies Sector) or to which it may be allocated in future, as determined by that body. The ACD's investment policy is actively to invest in those companies, primarily within the UK, where the Investment Adviser believes there are above average opportunities for growth. Long term means over a minimum investment horizon of five years.

B	Business & financial	S	Social
E	Environmental & ecological	T	Transparency & governance

The investment adviser uses a responsible investment process to identify securities in which the fund may invest. The four criteria that need to be evidenced by each investment are reflected in the name of the fund where 'B.E.S.T' indicates Business & financial, Environmental & ecological, Social and Transparency & governance.

Further information on the 'B.E.S.T' criteria may be obtained from the Investment Adviser upon request.
