WHY INVEST?

We offer values-based investing from the perspective of being a values-based manager. This includes active engagement with the companies in the fund on performance as well as on environmental, social and transparency & governance issues. That's why we're known as 'the thoughtful investor'.

High Conviction: Concentrated portfolio of identified best ideas within European equities.

Fundamental Research: Identification of high quality companies with opportunity for growth at a reasonable price.

Integrated Investment Process: Consideration of non-financial E.S.T. factors alongside traditional financial analysis within the selection of suitable investments.

Focus on our Thoughtful Investor approach: All companies are assessed against the B.E.S.T. Framework. At least 70% of the Fund's portfolio (by value) must positively evidence at least 50% or more of the E.S.T. criteria to be eligible to be held
